OBJECTIVE

- Looking for an opportunity in a reputed organization where I can learn new skills, expand my learning and knowledge. While making a significant contribution to the success of the company.

EXPERIENCE

Data Analytics Internship | TRAINITY
JUNE 2022 – SEPTEMBER 2022

This is a stige internship on Trainity platform. In this internship I completed some project based on analytics. To perform that projects I used SQL.

During the internship I developed my skills in SQL and Python.

Data Analytics Internship | INFOLABZ IT SERVICES PVT LTD
JUNE 2022 – JULY 2022

During this internship I completed some tasks related to Analysis on data from different platform like APIs using python libraries like numpy, pandas and sklearn. Analyzed data can be visualized using matplotlib. Data Analysis is useful for decision making and machine learning model development. I learned to develop machine learning model using some data to predict important parameters.
