## BE PROJECT PROFILE:

**Project Name: Farm-Tech**

**Project Objectives:**

Despite of availability of new technologies, government schemes, reforms and policy amendments etc. in the agricultural sector of India, the benefits of it are ripped by the Indian farmers. So as to bridge this gap between the farmer and government, we have developed this android application which exchanges the information between these entities. The advantage of the application is that the farmers are well connected with various opportunities and knowledge.
